

JON SUNDAN

PhD

Jon Sundan is currently a PhD student in the Department of Teacher Education at Norwegian University of Science and Technology, and a member of the physical activity and motor learning research group. He has been involved as an assistant professor in teacher education since 2013, with special interest in outdoor education and learning in, on and around aquatic environments.

The ongoing PhD project (2021-2024) investigate children's swimming competence as a part of the primary school curriculum, with a main focus on measurement and exploring swimming competence in different aquatic environments.
